Stefan A. Wirler

Helsinki – Finland

✱ 4 April 1991 • 📱 +49 151 40725264 • ✉ stefan.wirler@aalto.fi

🌐 stwir.github.io • in stefan-wirler-6b58abaa/ • ℞ Stefan-Wirler-2

Research Interests

Spatial Audio Processing, Microphone Array Processing, Beamforming, Audio Signal Processing, Room Acoustics Modeling, Machine Learning, Virtual Acoustics Perception

Education

Aalto University   **Espoo, Finland**

D.Sc.(Tech) / PhD Acoustics and Audio Signal Processing   *2020–present*
Department of Information and Communications Engineering, Acoustics Lab
Supervisor: Prof. Ville Pulkki

Friedrich-Alexander-University (FAU)   **Erlangen, Germany**

M.Sc. Electrical Engineering, Grade: 1.5 – "Very Good" – 90/100   *2016–2019*
Thesis: *Impact of Diffuse and Disturbed Reflections on Room Geometry Inference Algorithms*
International Audio Laboratories Erlangen - Joint Institution of Fraunhofer IIS and FAU

Regensburg University of Applied Science   **Regensburg, Germany**

B.Eng. Electrical Engineering, Grade: 1.8 - "Good" – 84/100   *2012–2016*
Thesis: *Multichannel Room Impulse Response Measurement for the Determination of Room Acoustic Parameters*
Electrocacoustics Lab, Regensburg University of Applied Science

Experience

AAC Technologies   **Turku, Finland**

Project Employee   *2021–2023*
Microphone array design, implementation of beamforming algorithms and development of parametric time-frequency domain spatial post-filtering algorithms for hand-held devices (MATLAB)

Aalto University   **Espoo, Finland**

Research Assistant   *2020*
Implementation of a real-time binaural rendering system for the evaluation of virtual acoustic perception (Max/MSP)

Fraunhofer IIS   **Erlangen, Germany**

Graduate Research Assistent   *2019*
Implementation of FDN reverberation algorithms for the evaluation and comparison to real-world recordings (MATLAB)

FAU   **Erlangen, Germany**

Research Internship   *2018*
Implementation and extension of an independent vector analysis algorithm to support block-online processing (Python)

National Instruments Germany GmbH   **Munich, Germany**

Application Engineering Intern   *2014–2015*

Others

Aalto University   **Espoo, Finland**
Teaching Assistant, Acoustics and Physics of Sound   *2021–2024*

Aalto University   **Espoo, Finland**
Thesis Advisor
Master Thesis
"Real-time Implementation and Evaluation of Acoustic Occlusion in Virtual Reality", Andrés Ortiz Pachón, 2021
"Evaluation of Pair-Wise Similarity Spotforming Algorithm on Real Omnidirectional Signals and Ambisonic Signals with Search for Improvements on the Algorithm", Antoine Souchaud, 2024

Computer skills

■■■■■	MATLAB	■■■□□	Max/MSP
■■■■□	Python	■■□□□	Assembly
■■■□□	C	■■□□□	VHDL
■■■□□	C++	■■■□□	LabVIEW
